Learning to Learn Sessions

Friday 5 December - Staff Professional Learning Day

Students absent from assessments must discuss a reschedule with their subject teacher. All procedures are detailed in the Senior School Administrative Policies and Procedures Student Handbook 2025 An authorised absence and rescheduling will occur only in the following situations: Participation in SIS competition, attendance of school approved excursions/activities, VET classes and absence due to illness as evidenced by medical certificate. In case of illness, a medical certificate must be handed to senior admin upon return to school. Failure to complete the task will (on most occasions) result in a ZERO grade being awarded. This schedule will be updated as more information become available. This is particularly true when looking at Semester 2 classes.

Any student who has outstanding assessments or has not achieved an S for the given subject will be required to complete these/additional work prior to the last day of Year 10 classes.
